ABOUT US

TradeMad is a Brazilian company specialized in the international trade of reforested wood products, connecting reliable manufacturers in South America with industries, importers, and distributors around the world.

With deep expertise in sourcing, logistics, and export operations, we ensure consistent quality, competitive pricing, and full compliance with global sustainability standards. Our mission is to simplify the international wood supply chain — creating efficient, transparent, and lasting business relationships.

**TRUST, INTEGRITY,
AND LONG-TERM
RESULTS.**

**THROUGH OUR
U.S.-BASED COMPANY,
TRADEMAD USA LLC**

We also operate as a distributor in the American market, providing storage, distribution, and supply solutions to construction companies and wood resellers across the United States.

**SOUTH AMERICA
TO THE WORLD**

OUR SERVICES

At TradeMad, we go far beyond wood trading — we deliver complete solutions for global supply and distribution.

DELIVERED DUTY PAID

Door-to-door (DDP) operations, as well as FOB, CFR, CIF, and other Incoterms — adapted to each client's needs. EXW option available for clients who prefer to manage their own logistics.

ASSISTANCE

- Support with international trade services, including customs clearance and coordination with logistics partners.
- Cargo consolidation, inspection, and quality control at origin.
- Management of key documents such as invoices, packing lists, Bills of Lading, and certificates of origin.

ADVISORY

Advisory in international certifications, such as FSC, CARB, and CE, ensuring compliance with global standards.

OUR PRODUCTS

We offer a complete line of reforested ***Pine*** and ***Eucalyptus*** wood products.

Our portfolio covers a wide range of industrial, construction, and furniture applications — combining quality, consistency, and reliability.
